To Whom It May Concern

This is to certify that **Mr. Shahil Bhusal**, a student of **Crimson College of Technology**, successfully completed his **internship** as a **Python Backend Developer** at **SynthBit Group Pvt. Ltd.** from **April 20, 2025**, to **July 25, 2025**.

During his internship, Shahil demonstrated strong proficiency in Python development, particularly with Flask, SQLAlchemy, and NumPy. He contributed significantly to the development of scalable web applications and data-driven solutions. His work involved building RESTful APIs using Flask, managing databases with SQLAlchemy, and performing efficient numerical computations with NumPy for backend services.

Shahil showcased a high level of technical competence, writing clean, modular, and well-documented code that adhered to best practices. His problem-solving mindset and ability to understand project requirements enabled him to deliver high-quality results on time. He worked collaboratively within a team environment and was quick to adapt to new challenges and tools.

We were highly impressed by Shahil's dedication, professional attitude, and passion for learning. His contributions were impactful, and we are confident that he holds great potential for a successful career in the tech industry.

With our best wishes,

Bijay Chaudhary
